**Broadleaf Evergreens**

**Arctostaphylos uva-ursi**  
Bearberry - Zone 3 - Full Sun-Part Shade - Northern North America, Europe, and Asia

Bearberry is a wonderful, low growing evergreen groundcover native throughout much of North America. The foliage is lustrous dark green in summer and turns rich, reddish-bronze in fall and winter. In late summer and fall, plants are cloaked with an exceptional display of bright red, pea-sized fruit. Plants perform best in acidic sandy soils in full sun or partial shade. They also exhibit tremendous salt tolerance. - 1' Tall, 3' Wide

‘Massachusetts’ - A common and reliable selection of bearberry long grown for its resistance to leaf blights and low spreading framework. The rich green leaves are darker and a bit more refined than average seedlings and add attractive contrast to the pale pink blossoms. Selected from seedling raised plants collected along the coast of Massachusetts. - 1' Tall, 3' Wide - #1 $24.99

**Aucuba japonica**  
Japanese Aucuba - Zone 6b - Part Shade-Shade - Japan

A fine broadleaf evergreen shrub known much more widely to southern gardeners where the species and its cultivars see much wider landscape cultivation. In recent years we’ve tried a few cultivars in the garden and have been surprised with the cold hardiness that many possess when grown in sheltered locations that are free from winter wind and prolonged exposure to drying sunlight. Plants develop a dense, oval framework of large, deep green leaves that provide year round interest. An abundance of small purple flowers provide an accent in spring followed by crops of red fruit in autumn on female plants when grown near male pollinators. Plants are easy to cultivate showing adaptability to a range of soil conditions. In our region, full shade and winter protection is required for success. - 6-10' Tall and Wide

‘Gold Dust’ - A striking and cold hardy female selection of Japanese aucuba best known for its deep green leaves that are set off with brilliant gold speckles and slower growth rate than the species. The show is quite unique and at times looks as if someone splatter painted the leaves in a dramatic fashion. - 5' Tall and Wide - #2 $39.99 (July) • #3 $49.99 • #5 $69.99 (July)

**Berberis x frikartii ‘Amstelveen’**  
Frikart’s Barberry - Zone 5 - Full Sun-Part Shade - Garden Hybrid

A duraible and underappreciated member of the barberry clan that has caught our full attention. The dwarf spreading plants boast evergreen, spine tipped leaves that are glossy deep green on the surface and bloomy white on the reverse. In spring, the arching armed stems display pale yellow blossoms. An excellent utility shrub or evergreen accent piece in mixed plantings. - 3' Tall, 4' Wide - #2 $39.99 (July)

**Buxus microphylla**  
Littleleaf Boxwood - Zone 5 - Full Sun-Part Shade - Japan

A compact species of this valuable group of evergreen shrubs. Plants are native to Japan where they can obtain heights of 10-12’ in the wild. Under cultivation or with management, plants stay much more compact. As with all boxwood, plants are extremely durable and tolerant to pruning which makes them a leading candidate for hedging and foundation plantings. They offer high resistance to deer browse and will grow in both full sun and shade locales. - 10-12' Tall and Wide

‘Curly Locks’ - A unique littleleaf boxwood that offers curious coiled and curled stems that snake in all directions. Plants assume a mound framework and add a bit of unexpected flair to this valuable but rather lackluster group. - 3-4' Tall and Wide - #3 $49.99 • #5 $69.99 (July)

‘Peergold’ - PP 16053 - A striking addition to the world of boxwood. Each leaf is margined with a uniform gold edge that makes plants stand out in the garden. Plants are average growers forming tidy, rounded mounds that make excellent garden accents. - 3'-4' Tall and Wide - Assorted Specimens Individually Priced

**Buxus sempervirens**  
Common Boxwood - Zone 5 - Full Sun-Part Shade - Southern Europe, Northern Africa, Western Asia

An excellent, deer resistant, evergreen landscape plant used extensively in Europe and some parts of the United States. The slow growing plants respond well to pruning and are excellent for hedging or as an accent plant in both formal and informal plantings. - 10-12' Tall and Wide

‘Aurea Pendula’ - Yup, you guessed it, a gold variegated weeping boxwood! Somewhat difficult to imagine yet we’ve enjoyed the plant in our gardens for a few years now. The vigorous specimens develop upright branches that arch over in irregular angles at the terminus. Both the leaves and stems are generously streaked and splashed with bright gold variegation. Untrimmed plants develop a unique style and grace and can easily reach 6-8’ in size with age. Excellent for evergreen accent and for spicing up the garden with a bit of fun. - 6-8' Tall and Wide - #3 $49.99 • #5 $69.99 (July) • Assorted Specimens Individually Priced

NEW ‘Borderline’ - Not your average boxwood! The deep green leaves gilded in gold impart an air of luxury. The plants are well behaved, even without trimming, though like most boxwoods they take exceptionally well to pruning. - 3-4' Tall and Wide - #2 $39.99 • #3 $49.99 (July)

NEW ‘Dee Runk’ - Reportedly resistant to both boxwood blight and boxwood leaf miner, this cultivar has a natural, narrow Christmas tree shape even without regular pruning. At only 2’ wide at maturity, ‘Dee Runk’ is a low maintenance, glossy evergreen accent for even the tightest spaces. - 8-10' Tall, 2-3' Wide - #2 $39.99 (July) • #3 $49.99 • #5 $69.99 (July)

‘Elegantissima’ - A slow growing selection with cream-white variegated foliage. Appears to have good hardiness as our landscape specimen has withstood temperatures below zero with little if any leaf discoloration. - 5-6' Tall and Wide - #2 $39.99 (July) • Assorted Specimens Individually Priced

‘Graham Blandy’ - A striking, columnar form introduced by the Blandy Experimental Farm in Virginia. Excellent vertical accent plant. - 10’ Tall, 2’ Wide - #2 $39.99 • #3 $49.99 (July) • #5 $69.99 • Assorted Specimens Individually Priced

‘Unraveled’ - Why not try a weeping boxwood in the garden? We love plants that seem to break the mold and open up new possibilities. The arching framework of ‘Unraveled’ seems to do just that. Familiar deep green leaves grace the stems yet the plants refuse to take on the classic rounded structure. We’re enjoying it as an accent in the rock garden where the meandering stems provide interest amongst the rocks and needled evergreens. - 1’ Tall, 4’ Wide - #1 $24.99 • #2 $39.99 • #3 $49.99

**Buxus sinica var. insularis**  
Korean Boxwood - Zone 5 - Full Sun-Part Shade - Korea

A broad-rounded boxwood with fresh green, rosemary-like foliage packed along dense shrubby stems. As cool weather sets in, the leaves take on faint plum and bronze hues. Overall an especially versatile and handsome form of boxwood. - 10-12’ Tall and Wide

‘Tide Hill’ - A charming, dwarf, spreading boxwood that grows to only 1’ in height but spreads 4-5’ wide over a 20 year period. Makes a choice, tight hedge and is noted for holding its winter color as good as any other form. - 1’ Tall, 4’ Wide - #1 $24.99 • #2 $39.99 • #3 $49.99
Buxus 'Green Mountain' - Green Mountain Boxwood - Zone 5 - Full Sun-Part Shade - Garden Hybrid
A popular Buxus microphylla var. koreana x B. sempervirens hybrid that develops an upright pyramidal habit. Foliage is dark green and holds its coloration well in cold weather. - 5' Tall, 3' Wide - #2 $39.99 • #3 $49.99 • #5 $69.99 (July) • Assorted Specimens Individually Priced

Buxus 'Green Velvet' - Green Velvet Boxwood - Zone 5 - Full Sun-Part Shade - Garden Hybrid
A hybrid that offers a shapely, low-mounding habit and fine-textured leaves that maintain their dark green color throughout the winter. - 4' Tall and Wide - #2 $39.99 • #3 $49.99 • #5 $69.99 (July) • Assorted Specimens Individually Priced

Camellia x 'April Dawn' - April Dawn Hybrid Camellia - Zone 6b - Part Shade-Shade - Garden Hybrid
One of the recently introduced, super cold hardy cultivars that are starting to appear on the market. 'April Dawn' is a mid to late spring bloomer showing off elegant blossoms with a white base color and irregular pink and rose streaks throughout. The strong growing, upright plants are evergreen with classic camellia leaves. - 8-10' Tall and Wide - #2 $39.99 • #3 $49.99 • #5 $79.99 • #7 $99.99 (July)

Camellia x 'Winter Snowman' - Winter Snowman Hybrid Camellia - Zone 6b - Part Shade-Shade - Garden Hybrid
Another super cold hardy camellia worth playing around with in the warmer parts of CT and further south. 'Winter Snowman' is an autumn blooming selection showing off pink-blushed buds that open to near white flowers. Each elegant flower is 2-3” in diameter with flat outer petals and a cluster of reduced inner petals known as an anemone flower structure. Glossy deep green leaves provide additional appeal throughout the gardening year. - 8-10' Tall and Wide - #5 $79.99 • #7 $99.99 (July)

Daphne genkwa (Hackenbury Group) - Lilac Daphne - Zone 5 - Full Sun - China
A fine daphne of considerable beauty that cloaks itself with abundant lavender-purple blossoms each spring. Flowers lack fragrance but make up for it with a vivid display that is somewhat reminiscent of lilacs. This particular clone was raised by Don Hackenbury from seed initially obtained from the wilds of China by the Beijing Botanic Garden. The 5’ plants are fully deciduous for us here in CT though we’ve opted to include them in our broadleaf evergreen section for ease of catalog usage. - 3-4’ Tall, 5-6’ Wide - #2 $34.99 • #3 $49.99 • #5 $79.99 • #7 $99.99 (July)

Daphne x burkwoodii 'Carol Mackie' - Carol Mackie Burkwood Daphne - Zone 4 - Full Sun - Garden Hybrid
A quality selection of the burkwood daphne with fine, cream-white edged leaf margins. Develops delicate, soft-pink flowers in spring that emit an amazing fragrance. Wonderful when set near an outside dining spot or favorite sitting area. Requires well-drained soils in full sun. Plants blend the line between evergreen and deciduous shrubs as they often retain abundant leaves deep into winter. During harsh years, plants go fully deciduous while in milder seasons they stay cloaked with greenery. - 3-4’ Tall, 5-6’ Wide - Assorted Specimens Individually Priced

Gaultheria procumbens - Wintergreen - Zone 3 - Part Shade-Shade - Eastern North America
A tough, mat-forming, evergreen groundcover native throughout the eastern US. Thick, leathery, dark green leaves mingle with delicate pink-blushed, urn-shaped flowers in spring and rounded, scarlet berries in autumn. The fruit is edible offering the classic wintergreen taste. Best performance occurs in acidic, woodland settings in soils that are rich in humus but freely draining. - Groundcover - #1 $24.99

Ilex aquifolium - English Holly - Zone 6b - Full Sun-Part Shade - Europe, Northern Africa
A dense evergreen native to parts of Europe and northern Africa where it can approach tree-like proportions up to 40’. That said, plants are tolerant of extreme pruning and can be maintained much smaller. As a result a long standing use has been for hedging and topiary. The deep green leaves are fun to look at yet tough to pet. They are beautifully glossy and edged with prominent spines. Female plants produce crops of attractive red fruit in autumn. Though numerous cultivars exist many are a bit tender for our region and require protection from excessive wind and winter sun. We’re playing around with a number of cultivars and hope to add diversity to our offerings as we figure out the best of the best. - 20-40’ Tall

‘Night Glow’ - An exciting English holly that makes itself known with its intense yellowish-white foliage throughout the growing season. Sun and heat bring out the greatest vibrancy in a way that is sure to attract attention and command the visual scenery. Plants will develop a dense branch structure though some pruning will help with formality. Ultimate size is unknown though we anticipate 8-12’ is well within the realm of potential. - 8-12’ Tall and Wide - #3 $49.99 • #5 $59.99 (July)

‘Ron’s Variegated’ - An uncommon yet attractive selection of English holly that we initially purchased and sold as Osmanthus heterophyllus ‘Ron’s Variegated’. Though we really tried to convince ourselves it was an Osmanthus, the alternate leaves and a spring blooming quality soon led us to determine its proper identity. Fortunately, the plants are still very cool showing off deep green, spiny-margined foliage that is heavily splashed and speckled with white variegation! Plants are strong growing but certainly need protection from desiccating winds in our region. - 8-12’ Tall and Wide - #2 $34.99 • #3 $49.99 (July) • #5 $129.99

Ilex crenata - Japanese Holly - Zone 5 - Full Sun-Part Shade - China, Japan, Korea, Taiwan
A highly functional, rounded evergreen shrub used frequently by landscape professionals. Plants are easy going, performing best in well-drained soils in full sun or part shade. Makes an excellent companion plant or backdrop for showier specimens.

‘Beehive’ - A useful, rounded evergreen shrub forming a dense, compact, moundin plant with tiny, glossy green leaves. Plants were selected from more than 20,000 seedlings and demonstrate outstanding mite resistance and durability. Selected by Dr. Elwin Orton of Rutgers University. The name was coined from the original plant’s resemblance to an old-fashioned conical beehive. - 4-5’ Tall and Wide - #2 $34.99 (July)

‘Drops of Gold’ - PP 14420 - A broad spreading, gold foliage Japanese holly forming a larger specimen than many other golden forms. The versatile plants strut bright gold, scald resistant foliage in sunny locales. In shaded sites the leaves maintain an equally attractive yet subtle lime-green coloration. Excellent for use in the mixed border and valued for winter interest. - 4-5’ Tall and Wide - #2 $34.99 • #3 $44.99 (July)

‘Dwarf Pagoda’ - A choice, oddball holly for the plant geeks of the world. Introduced by Dr. Elwin Orton of Rutgers University, ‘Dwarf Pagoda’ is an incredibly slow growing holly with the coolest tiny green leaves and congested growth. Plants mustup to an inch of growth a year forming a first class natural bonsai in time. Certainly a choice treasure for the rock garden or tiny garden nook. - 2-3’ Tall - #2 $49.99 • #6 $129.99 • #7 $149.99 (July)

‘Sky Pencil’ - A unique, fastigate selection discovered on Mount Daisen in the wilds of Honshu, Japan. An excellent choice where a vertical accent is needed. May be slightly less cold hardy than the species. - 10’ Tall, 2’ Wide - #2 $34.99 • #3 $44.99 (July) • #5 $69.99 (July) • #7 $99.99
Assorted Specimens Individually Priced
New ‘White Lights’ - A 2020 Broken Arrow Nursery introduction discovered as a chance branch sport in a private garden in Rhode Island. The aptly named ‘White Lights’ turns on the color with rich-green foliage that is prominently marked with irregular streaks and swirls of white and cream variation. The foliage pattern changes in quantity and pattern from leaf to leaf though the overall impact is quite impressive. In addition, autumnal appeal is brought on by deep, purple-black fruit each whisked with pale accents that stand in stark contrast with the leaves. Plants are strong growing and resistant to scorch in sun drenched exposure. - 5-6' Tall and Wide - #2 $34.99 • #3 $44.99 • #5 $69.99 (July)

*Ilex glabra* Inkberry Holly - Zone 4 - Full Sun-Part Shade - Eastern North America

A rounded evergreen shrub frequently encountered in acidich woods throughout much of the eastern United States. Leaves are lustrous dark green and retain their color well in the winter. Plants are amazingly adaptable and are suited for numerous landscape applications. - 6-8' Tall

‘Shamrock’ - A compact, rounded form with lustrous dark green leaves and good leaf spot resistance. Makes a handsome foundation plant or evergreen hedge. - 6-7' Tall and Wide - #2 $34.99 (July) • #3 $44.99 • #5 $59.99 (July) • Assorted Specimens Individually Priced

*Ilex opaca* American Holly - Zone 5 - Full Sun-Part Shade - Eastern and Central United States

An attractive, slow growing evergreen tree reaching 30' at maturity. Native to shaded woodlands throughout much of the eastern United States. Many female selections offer a wonderful fruit display when grown in close proximity to a male pollinator. - 20-30' Tall, 10' Wide

New Bosley’ - A robust and durable male American holly which showcases ample pollinating capacity for a diversity of female cultivars from a young age. The mid-green, spinose leaves are attractive through the year and add appeal to the formal, pyramidal framework of mature specimens. - 20-30' Tall, 10' Wide - #7 $129.99

‘Bountiful’ - A strong growing and pest resistant female selection of American holly known for its refined framework and classic conical framework. The deep red fruit are prolific and well displayed against the medium green leaves. - 20-30' Tall, 10' Wide - #7 $129.99

‘Carnival’ - An exceptionally cold tolerant female American holly sure to impress with abundant orange-red fruit. Plants are capable of adding 8-12” of growth annually and should be expected to mature in a classic conical to pyramidal framework. The initial plant was selected from a wild population in West Virginia. - 20-30' Tall, 10' Wide - #2 $39.99 • #3 $49.99 • #5 $69.99 (July)

New (Pride Male) – A reliable pollinator for the Pride series of American holly which boasts above average cold tolerance for those in the upper ranges of Ilex opaca’s hardness zone. Develops a tight, dense habit with less pruning than the straight species and features medium green foliage. - 20-30' Tall, 10' Wide - #2 $34.99 • #3 $49.99 • #5 $69.99 (July)

‘Pride Yellow’ - A female selection of Ilex opaca from the late Orlando Pride with excellent cold hardness and bountiful crops of canary-yellow fruit. The strong growing plants develop a classic conical framework of dense branching cloaked with rich green foliage. Rate of growth and mature size are expected to be similar to the straight species. - 20-30' Tall, 10' Wide - #3 $49.99 • #5 $69.99 • #7 $129.99 (July)

*Ilex pedunculosa* Longstalk Holly - Zone 5 - Full Sun-Part Shade - China, Japan, Taiwan

A unique, underutilized species of holly that develops into an attractive, 15-20’ evergreen tree. Female plants bare colorful bright red, berry-like fruit on 1-2” pedicels. The evergreen foliage is lustrous dark green and quite un-holly like, resembling mountain laurel, Kalmia latifolia, or benjamin fig, Ficus benjamina. Plants are tolerant of both sunny and shaded exposures yet display the best flower and fruit development with increased exposure to light. Both male and female plants are required for fruit production. - 10-20’ Tall - #2 $39.99 • #3 $49.99 • #5 $69.99 • #7 $99.99 • Assorted Specimens Individually Priced

‘Frosty Morn’ - A cool male form of longstalk holly that we’ve been playing around with for a number of years now. Foliage is irregularly streaked and splashed with creamy-white. Definitely not going to make the cover of Martha Stewart Living but certainly about as rare as it gets for those looking for something different. - 8-12’ Tall (Guess) - #2 $39.99 (July) • #3 $49.99 • #5 $69.99 (July)

*Ilex x Meschick* Meschick Hybrid Holly - Zone 5 - Full Sun-Part Shade - Garden Hybrid

An upright conical holly with exquisite lustrous dark green leaves that complement the abundant crops of large red berries. The handsome plants are vigorous and develop a formal 15’ tall x 6’ wide form if left to their own devices. That said, plants are amenable to pruning and can be sculpted into beautiful hedges or maintained in foundation plantings. - 12-15’ Tall, 6’ Wide - #2 $39.99 • #3 $49.99 (July) • #5 $69.99 • #7 $99.99 (July)

*Ilex x meserveae* Meserve Hybrid Holly - Zone 5 - Full Sun-Part Shade - Garden Hybrid

An indispensible group of hybrid hollies resulting from crosses made between Ilex rugosa and I. aquifolium. Plants display lustrous, bluish-cast, evergreen foliage along sturdy stems. All respond nicely to pruning and can easily be maintained in many shapes and sizes. Both male and female plants are required for fruit production. - 10-15’ Tall and Wide

‘Blue Prince’ - A classic and widely planted male selection boasting leathery, dark green leaves and a broad, dense habit. Durable, easy to grow and excellent for year long interest. - 8-10’ Tall - #2 $39.99 (July) • #3 $49.99 • #5 $69.99 (July) • #7 $99.99

‘Blue Princess’ - The benchmark against which all other female selections are measured against. Plants offer excellent blue-green foliage and brilliant, dark red fruit. Always popular and reliable. - 8-10’ Tall - #2 $39.99 (July) • #3 $49.99 • #5 $69.99 (July) • #7 $99.99 (July)

‘Gilded Daybreak’ - A vibrant 2018 Broken Arrow Nursery introduction that was selected from a chance branch mutation discovered on a plant of Ilex x meserveae ‘Honey Jo’. The boldly colored evergreen foliage is rich golden-yellow and screams for attention in the garden. In autumn, the color is especially vivid when set off by crops of scarlet-orange fruit. Plants develop a dense framework, adding about 3-5” of growth annually. Best performance will occur in a site with average garden soil and a touch of afternoon shade. - 5’ Tall, 6’ Wide - #2 $39.99 • #3 $49.99 (July) • #5 $69.99 • #7 $99.99 (July)

‘Heckenfee’ – PP 14310 - A recent female selection from Germany. Plants are reported to develop a compact-pyramidal form and superior bright red berry display. - 10-15’ Tall & Wide - #3 $69.99 (July) • #5 $69.99 (July)

‘Heckenstar’ – PP 14308 - A broad-columnar, male selection with lustrous dark green leaves and improved compact branch structure. Reported to be a suitable pollinator for Heckenfee. - 10’ Tall, 6’ Wide - #3 $49.99 • #5 $69.99 (July)

‘Honey Jo’ - An exciting gold variegated cultivar of blue holly that makes a striking, evergreen accent plant! - 6-8’ Tall and Wide - #2 $34.99 • #3 $49.99 (July) • Assorted Specimens Individually Priced

‘Honey Maid’ – PP 12060 - A striking female, variegated cultivar with blue-gray leaves splashed with cream and yellow highlights. The foliage is especially attractive in fall and winter when set off by crops of bright red fruit. An attractive and versatile addition to this highly regarded group of plants. - 6-8’ Tall and Wide - #2 $34.99 • #3 $49.99 (July) • Assorted Specimens Individually Priced

‘Spring Surprise’ – An intriguing and uncommon blue holly that welcomes spring with a striking show of cream and white-edged leaves. The color is bold and dramatic at this time of the year. As the season progresses the color gradually transitions back to the familiar deep green of the species as if the plants recognize they can’t hog the spotlight all year. Makes an interesting combination plant with a dominant display early in the year and willingness to allow companion plants to shine during summer and fall. - 6-8’ Tall and Wide - #2 $34.99 • #3 $49.99 (July) • #5 $69.99 (July)

*Ilex rugosa* American Holly - Zone 5 - Full Sun-Part Shade - Eastern and Central United States

A reliable pollinator for the Pride series of American holly which boasts above average cold tolerance for those in the upper ranges of Ilex opaca’s hardness zone. The initial plant was selected from a wild population in West Virginia. - 20-30’ Tall, 10’ Wide - #2 $39.99 • #3 $49.99 • #5 $69.99 (July)

‘White Lights’ - A 2020 Broken Arrow Nursery introduction discovered as a chance branch sport in a private garden in Rhode Island. The aptly named ‘White Lights’ turns on the color with rich-green foliage that is prominently marked with irregular streaks and swirls of white and cream variegation. The foliage pattern changes in quantity and pattern from leaf to leaf though the overall impact is quite impressive. In addition, autumnal appeal is brought on by deep, purple-black fruit each whisked with pale accents that stand in stark contrast with the leaves. Plants are strong growing and resistant to scorch in sun drenched exposure. - 5-6’ Tall and Wide - #2 $34.99 • #3 $44.99 • #5 $69.99 (July)
**Ilex x ‘Rock Garden’**  Rock Garden Dwarf Holly - Zone 6 - Full Sun-Part Shade - Garden Hybrid

A cute, extremely slow growing holly that makes a wonderful addition to the rock garden. Exceptional dark green, thumb-sized foliage on a 1-2' high and wide specimen. - 1-2' Tall and Wide - \#1 $29.99 • \#2 $39.99

**Ilex x ‘Rutzan’**  - PP 14750 - Rutzan Hybrid Holly - Zone 5 - Full Sun-Part Shade - Garden Hybrid

An incredible female hybrid holly selection from the Rutgers University breeding program that has been a standout in our garden in recent years. The moderate growing plants develop an outstanding formal conical-pyramidal framework of deep green, glossy leaves. In autumn, colorful cherry-red fruit provide seasonal accent. Plants require little pruning to maintain good branch structure and should prove to be an outstanding hedging choice or evergreen accent. - 10’ Tall, 5’ Wide - \#2 $34.99 • \#3 $49.99 • \#5 $69.99 (July)

**Kalmia angustifolia**  Sheep Laurel - Zone 1 - Full Sun-Part Shade - Eastern North America

A super hardy evergreen shrub that forms a low-growing rounded form 1-3' high and wide. Plants occur naturally in bogs and swamps as well as in open woods and pastures. Foliage is blue-green in color and is complemented by purple-pink flowers in June-July. - 2-3’ Tall and Wide

‘Hammonasset’  - Selected and introduced by Broken Arrow owner Richard Jaynes from a native stand in Madison, CT. Plants are consistently hardy and offer rich, blush-rose flowers. - 2-3’ Tall and Wide - \#1 $24.99

**Kalmia latifolia**  Mountain Laurel - Zone 5 - Full Sun-Part Shade - Eastern North America

This exceptional state flower of both Connecticut and New Hampshire is frequently referred to as one of the most beautiful of all flowering plants. Native throughout eastern North America, they are commonly found growing along roadways and power lines or in shaded, acidic woodlands. Wild plants typically showcase an eye-catching display of pale pink flowers in late May and early June. Added interest is provided by their beautiful glossy dark green foliage. In the landscape, plants grow best in full sun or partial shade in moist, well-drained, acidic soil. - 6-10’ tall and wide

(Broken Arrow Littleleaf Pink Flower Strain)  - This seedling strain combines rich pink, budded flowers, half sized leaves, and a compact habit. The dense plants can be expected to mature approximately half the size of the straight species. Overall the flowers and plant qualities are reminiscent of the classic selections ‘Tinkerbell’ and ‘Tiddlywinks’. - 5-7’ tall and wide - Assorted Specimens Individually Priced

(Broken Arrow Red Bud Strain)  - Select this strain brings together saturated scarlet-red floral buds with a full-sized classic plant. The evergreen leaves are of standard size making a pleasant foil for the display. When open, the paler tones of the flowers make a welcome contrast to the intense buds. Overall plants offer similar qualities to the Broken Arrow named selections ‘Coral’ and ‘Firecracker’. - 6-10’ tall and wide

Assorted Specimens Individually Priced

‘Elf’  - A slow growing little leaf laurel that develops into a small stature plant with considerable charm and grace. Flowers are similar to the wild type with light pink buds that open near white. The original cross was made in 1976 by caging six miniature laurels with a bumblebee. - 5’ Tall

\#2 $39.99 • \#3 $59.99 (July) • Assorted Specimens Individually Priced

‘Firecracker’  - The result of five generations of breeding at Broken Arrow Nursery. Notable parentage includes the Kalmia selections ‘Carol’, ‘Sharon Rose’, and ‘Sarah’. Plants offer brilliant, deep red flower buds that open near white and age to pale pink. The overall effect is a striking, bicolor display of red-budded white open flowers. - 5-7’ Tall and Wide - \#2 $39.99 • \#3 $59.99 (July) • Assorted Specimens Individually Priced

‘Keepseake’  - A recent introduction that is the result of five generations of controlled crosses begun in 1966. Plants display striking raspberry-red flower buds that open to near-solid purplish burgundy flowers with a fine white edge. Flowers are backed by pest free, glossy, bluish-green leaves. - 5-7’ Tall and Wide - \#2 $39.99 • \#3 $59.99 (July)

‘Minuet’  - A distinctive, vigorous miniature laurel with pink buds that open to bright cinnamon-maroon banded flowers. The small leaves are lustrous dark green and recurve from petiole to tip. Plants display excellent branch structure and a compact-rounded form. - 5’ Tall

\#2 $39.99 • \#3 $59.99 (July) • Assorted Specimens Individually Priced

‘Nathan Hale’  - An attractive cultivar selected by the Nathan Hale Society of the Sons of the American Revolution to honor Connecticut’s Revolutionary War hero, Nathan Hale. Plants have a symmetrical and compact habit and perform well in the garden. Their dense, dark green leaves are disease free and provide a fine backdrop for the red buds and white open flowers. - 5-7’ Tall and Wide - Assorted Specimens Individually Priced

‘Sarah’  - An eye-catching selection with dark red buds that open vibrant pink-red. Our exceptional specimen plant always impresses visitors when in flower. The foliage is dark green and free from disease when grown in the open with some air circulation. Always in high demand!! - 5-7’ Tall and Wide

\#2 $39.99 • \#3 $59.99 (July) • Assorted Specimens Individually Priced

‘Tinkerbell’  - A little leaf laurel with heavy textured flowers that are deep pink in bud and medium pink in flower. Foliage is dark green and resistant to leaf spot. Plants show good vigor and will mature somewhat broader than tall. - 5’ Tall

\#2 $39.99 • \#3 $59.99 (July)

Assorted Specimens Individually Priced

**Leucothoe fontanesiana**  Drooping Leucothoe - Zone 5 - Part Shade-Shade - Central United States

An attractive graceful, arching broadleaf evergreen shrub very closely related to Leucothoe axillaris. Foliage is lustrous dark green during the growing season and often takes on a bronze-purple cast during cooler weather. Plants grow best in moist, acid soils in a shaded site. - 3-4’ Tall and Wide

‘Compacta’  - A smaller growing form with beautiful glossy foliage in spring. Leaves turn bright burgundy in winter. - 3-4’ Tall and Wide

\#2 $34.99 • \#3 $49.99

‘Silver Run’  - An exceptional variegated form of drooping leucothoe with leaves that are a stunning mixture of white, pink and green. A great choice to brighten a shady corner. - 3-4’ Tall and Wide - \#2 $34.99 • \#3 $49.99

**Leucothoe x ‘Sparkle’**  Sparkle Hybrid Leucothoe - Zone 5 - Part Shade-Shade - Garden Hybrid

A breathtaking new selection offering top rate variegation. Each leaf is daringly edged with a bold white margin that catches the eye from afar. With cold temperatures, the leaves become tinged with pinkish-purple tones that add a valuable color accent at a wearisome time of year. The compact, mound-shaped plants have graceful, arching branches and will be notably slower growing than their green leaf peers. Protection from wind and winter sun is key to success with this glitzy evergreen. - 2-3’ Tall and Wide - \#1 $29.99 • \#2 $39.99 (July)
Lonicera crassifolia  Cute Groundcover Honeysuckle - Zone 6 - Part Shade - China
Time to forget everything you know about honeysuckle and take a look at this choice groundcover. Yes that’s right, a creeping, prostrate Lonicera capable of forming a mat-like, ground hugging framework of wiry stems. Stems wear handsome deep green thumb-sized leaves and are complemented by diminutive creamy-yellow blossoms. With cold weather the leaves pick up gorgeous plum tones and remain evergreen through winter. Perfectly hardy in our region if grown in dappled shade with good drainage. Protection from high wind or help from a consistent layer of snow in the worst of winter helps the foliage come through unscathed. - Groundcover - #2 $34.99

Mahonia bealei  Leatherleaf Mahonia - Zone 6 - Part Shade- Shade - China
A coarse-textured, evergreen shrub developing into an irregular mound of thick, spiny-margined bluish-gray foliage. Individual leaves are up to 1’ long giving a unique tropical appearance. In spring, plants are cloaked with large panicles of fragrant, golden yellow flowers which mature into crops of grape-sized, blue fruit. In our region, plants perform best in an acidic, shaded location that is protected from desiccating winter winds. - 5-8’ Tall and Wide
#3 $49.99 • #5 $69.99 • #7 $99.99 (July)

Mahonia x media ‘Arthur Menzies’  Arthur Menzies Hybrid Mahonia - Zone 6b - Part Shade-Shade - Garden Hybrid
A hybrid selection of mahonia that combines the hardy pedigree of Mahonia bealei with the bold texture of M. lomarifolia. The initial chance seedling was discovered in 1961 in Seattle’s Washington Park Arboretum. The decidedly upright plants offer interesting evergreen accent with bold textured, 10-15” spine-tipped, evergreen leaves on display throughout the gardening year. In late winter, airy inflorescences of yellow, bell-shaped blossoms appear at the top of stems. Individual blossoms are small though each cluster can measure as much as 10” x 10” in size. Plants are marginally hardy at best in CA and are only worth trying for those with sheltered locations in the warmest regions. Protection from excess wind and sun during winter will be critical for success. Alternately, plants can be successfully cultivated as container specimens that are ferried in and out of the basement, sunroom or the like during winter.
8-12’ Tall and Wide - #2 $34.99 • #3 $49.99 (July)

Osmanthus heterophyllus  Holly Osmanthus - Zone 6 - Part Shade - Japan, Taiwan
A dense, oval evergreen shrub developing a maturer stature 10-15” in height. The deep green leaves are attractive year round and resemble a holly (Ilex sp.) at first glance. In our region best growth occurs in a fertile, well-drained soil that is protected from exposure and direct sun. - 10-15’ Tall
‘Akebono’  - A fine addition to the palette of holly osmanthus currently available. The Japanese word ‘Akebono’ loosely translates to “dawn” which refers to the early spring growth that emerges brushed with heavy creamy and white tones. As the growing season progresses the spine-tipped leaves add green tones to the mix. Plants average 2-3” of growth annually. - 4-5’ Tall and Wide - #2 $34.99 • #3 $49.99 (July)
‘Goshiki’  - The foliage of this holly osmanthus is brilliantly blotched and streaked with golden-yellow variegation. Plants are slow growing and make unique specimen shrubs or hedging plants. Best when sited in a location that is protected from desiccating winter winds. - 6-10’ Tall and Wide
#2 $34.99 • #3 $49.99 (July) • #5 $69.99 • #7 $99.99 (July)
‘Haruyama’  - A delightful (using the term lightly), compact holly osmanthus for those who like texture. Each deep green leaf is heavily margined with stiff, rather aggressive spines. Now we’re not saying that it’s going to jump out and bite you, it just looks that way. The slow growers offer a congested framework of sculpted stems gaining 2-4” annually. - 3-4’ Tall and Wide - #5 $69.99 • #7 $99.99 (July)
‘Kaori Hime’  - Osmanthus ‘Kaori Hime’ is the smallest of the holly osmanthus that we’ve seen. Each nickel-sized, rich green leaf is strongly margined with serrations held along jam-packed stems. Profuse white blossoms add a strong contrast and equally impressive fragrance in autumn. Very cool!
3’ Tall and Wide - #3 $49.99 • #5 $69.99 (July)
‘Ogon’  - A rare selection of holly osmanthus sporting flashy golden-yellow foliage. The slow growing plants develop a broad-spreading habit reaching 5’ high and 7’ wide over many years. Plants perform best in bright shade that provides protection from winter’s desiccating winds and scalding sun. - 5’ Tall and Wide
7’ Wide - #2 $39.99 • #3 $59.99
‘Sasaba’  - A standout holly osmanthus well-armed with deep-green leaves edged with stout, spinose margins. Yes, plants are not great for touchy-feely qualities and thankfully this means they’re unappealing to deer as well! We find the textural qualities of these dense evergreens add unique drama and contrast to surrounding plants. Additionally, fall’s opening of abundant super tiny yet remarkably fragrant blossoms is always a treat! - 10-15’ Tall
#5 $69.99 • #7 $99.99
‘Shien’  - An exceptional breakthrough in this underutilized group that welcomes spring with a vibrant flush of pink, cream and chartreuse new growth. The capturement evolves toward deep green as spring progresses yet the peak color moments are nothing short of magic. - 4-5’ Tall and Wide
#3 $49.99 • #5 $69.99 • #7 $99.99 (July)

Pieris japonica  Japanese Pieris - Zone 5 - Full Sun-Part Shade - China, Japan, Taiwan
A highly variable, broadleaf evergreen shrub closely related to our native Pieris floribunda. In March and April plants drip with elegant, drooping panicles of bell-shaped flowers that range in color from snow-white to dark rose-red. Plants perform admirably in moist, acidic, well-drained locations and benefit from some high canopy shade. Additionally, all show excellent resistance to deer browse! - 6-10’ Tall and Wide
‘Bert Chandler’  - By far the most colorful and among the rarest of the selections of Japanese pieris that we grow. In the garden, plants demand constant attention as the foliage is in constant flux, transitioning from salmon-pink to creamy-white and pale green throughout the growing season. Pendulous clusters of white, lily-of-the-valley-like flowers provide added prominence in early spring. Plants are slower growing than the straight species yet still add a respectable 3-4” of growth annually along dense branching. - 4-6’ Tall and Wide - #2 $44.99 • #3 $59.99 (July)
‘Bonsai’  - A minute selection of Japanese pieris boasting half-sized leaves that are a step apart from the familiar form of the straight species. Plants are quite a bit slower growing than average reaching only 2’ tall when mature. Excellent in tight garden spaces such as a shaded rockery or border edge. - 2’ Tall and Wide - #2 $34.99
‘Brouwer’s Beauty’  - A hybrid between Pieris japonica and P. floribunda but listed here for ease of classification. Develops abundant, slightly drooping, white flowers set off by glossy, dark green foliage. - 6-10’ Tall and Wide - #2 $39.99 • #3 $59.99 (July)
‘Cavatine’  - A dense, slow-growing selection with dark green foliage and small white flower clusters. Exhibits exceptional hardness. - 4-6’ Tall and Wide - #2 $39.99 • #3 $49.99 (July)
‘Dorothy Wycoff’  - A classic form offering striking dark maroon flower buds that open to whitish-pink flowers against dark green leaves. Plants are top performers for the group and we can't keep them in stock when they flower! - 6-10’ Tall and Wide - #3 $59.99 • #5 $89.99 (July)
‘Katsura’  - PP 15452  - A long anticipated Japanese pieris that develops a wonderful show of blush-pink flowers in April. Soon after this display is complete the interest continues with a startling display of new growth that emerges in deep burgundy to wine-red tones. This coloration lingers for an extended time before turning rich, laced green by mid to late summer. ‘Katsura’ is by far the best cultivar we’ve seen for dark emerging foliage coloration and should rank way up there on most people’s “to get” lists. - 6-10’ Tall and Wide - #2 $39.99 • #3 $59.99 • #5 $89.99 (July)
‘Little Heath’ - A delightful, slow-growing cultivar with unique, cream-edged foliage. Shy to flower yet worth growing for the foliage quality alone.
One of our favorites among all of the broadleaf evergreens! - 3-4’ Tall and Wide - #2 $39.99

‘Ralph’ - PP 19931 - A flamboyant pieris that has the potential to become an all-star. The mounded plants showcase crisp, white-edged foliage that remains colorful and stable throughout the year. In early spring, the display intensifies with bright red flowers creating a fine contrast with the foliar backdrop.
4-6’ Tall and Wide - #3 $59.99 • #5 $89.99 (July)

‘Valley Valentine’ - An upgirt growing selection with rich maroon flower buds that open to display dark pink bell-shaped flowers. The classic red flowered cultivar that has become the standard for the species. - 6-8’ Tall and Wide - #2 $39.99 • #3 $59.99 • #5 $89.99 (July)

**Polygal a chamaebuxus**  Chapparal Pea - Zone 6 - Part Shade-Shade - Central and Western Europe
This adorable, diminutive Alpine shrub features tiny evergreen leaves and pea-like cream-to-yellow flowers spread over a low, dense mat in early spring. Performance will be best in cool and moist locations with well-drained soil in high, dappled shade, though the species will tolerate full sun as long as there’s ample moisture available. Ideal as living mulch, for rock gardens, and for making your gardening friends ask “what’s that?” - 8’ Tall, 24’ Wide

**NEW** *Rhodoptera* - A dense little evergreen ground cover that welcomes spring with fabulously bright purple and yellow flowers and glossy green leaves. Plants rebound throughout the year, though usually not as prolifically as they do in spring. Equally happy in sun or part shade as long as they have good drainage, they’re a fantastic and versatile accent piece for a rock garden or living mulch. - 8’ Tall, 24’ Wide - #1 $24.99

**Prunus laurocerasus**  Cherry Laurel - Zone 6 - Part Shade-Shade - Southern Europe, Asia Minor
This cherry relative offers some of the most desirable attributes of the genus with less impact from the diseases and pests that tend to plague many of its relatives. The evergreen shrubs are capable of reaching as much as 20’ wide and 12’ tall, boasting dense, bold, glosy dark-green leaves. In early summer, tiny white flowers with a heady fragrance are borne in impressive 5” long racemes. Plants are pH adaptable but need good drainage and even moisture to perform. A fantastic and underappreciated hedging option that looks excellent en masse or as a unique accent in a border. 12’ Tall and 20’ Wide

‘Zabeliana’ - A dense broad-spreading evergreen that comes to us with high regard. Plants are reported to be exceptionally cold hardy performing admirably in cold zone 6 conditions. The 3-4’ high gloss leaves are narrower than other cherry laurel selections and make good friends with the white flowered panicles and black berries that are seasonally present. Plants can perform in protected full sun exposure as well as shaded locales in all but water-saturated soils. - 4’ Tall, 8’ Wide - #2 $34.99 • #3 $49.99 (July)

**Rhododendron macrosepalum**  Macrosacepalum Evergreen Azalea - Zone 5 - Part Shade-Shade - Japan
A compact evergreen azalea offering up flowers that range from near white to saturated magenta-pink. Plants are native to wild regions in Honshu and Shikoku Japan. The straight species is uncommon in cultivation though several noteworthy and fun selections make the rounds. Plants display the classic cultural needs of many members of the genus showing best performance in acid soils with protection from excessive winds. - 4-6’ Tall and Wide

‘Koromo Shikibu’ - A very unusual azalea with bright lavender blooms composed of delicate, elongated, narrow petals. Pale green, decidedly narrow foliage is covered with fuzzy-wuzzyness creating a fun contrast with the May floral display. - 3’ Tall, 5’ Wide - #2 $39.99 • #3 $49.99 (July)

**Rhododendron x ‘Absolute Citron’**  Absolute Citron Rhododendron - Zone 5 - Part Shade-Shade - Garden Hybrid

**Rhododendron x ‘Bixby’**  Bixby Rhododendron - Zone 5 - Part Shade-Shade - Garden Hybrid
An evergreen azalea with dark green rounded foliage that turns rich mahogany-red in fall and winter. Develops a dramatic display of dark red flowers in May. Excellent compact, mounding habit. - 2’ Tall, 3’ Wide - #2 $39.99 • #3 $49.99 (July)

**Rhododendron x ‘Blue Baron’**  Blue Baron Rhododendron - Zone 6 - Part Shade-Shade - Garden Hybrid
Small, lustrous green leaves provide a wonderful complement to the striking, near-blue flowers in May. Foliage takes on handsome bronze overtones during cool months. Benefits from some wind and sun protection in winter. - 3’ Tall, 4’ Wide - #2 $39.99 • #3 $49.99

**Rhododendron x ‘Calsap’**  Calsap Rhododendron - Zone 5 - Part Shade-Shade - Garden Hybrid
An especially attractive cultivar that has always held a prominent spot on our list of favorites. The well formed trusses sport showy white flowers each highlighted with a wine-purple flare. Plants are vigorous and tend to be somewhat upright when mature. - 6’ Tall, 4’ Wide - #2 $39.99 • #3 $49.99 (July)

**Rhododendron x ‘Capistrano’**  Capistrano Rhododendron - Zone 5 - Part Shade-Shade - Garden Hybrid
A floriferous hybrid showcasing ample pale yellow flowers set off by deep green foliage. Plants have a round-spreading habit and are excellent for use on the foundation or in the shaded border. - 5’ Tall, 6’ Wide - #2 $39.99 • #3 $49.99 (July)

**Rhododendron x ‘Chionoides’**  Chionoides Rhododendron - Zone 6 - Part Shade-Shade - Garden Hybrid
A R. ponticum hybrid noted for its excellent, broad, dense habit. Clean, narrow, dark green leaves provide the perfect backdrop for trusses of bright white flowers with yellow centers in late May. - 5’ Tall, 6’ Wide - #2 $39.99 • #3 $49.99 • #5 $79.99 (July)

**Rhododendron x ‘Dark Lord’**  Dark Lord Rhododendron - Zone 5 - Part Shade-Shade - Garden Hybrid
A new dark, burgundy-red hybrid that has arrived at our doorstep with the high recommendation from several noted nursemens. The initial plant was raised by the famed Weston Nursery where it obtained a height of 8’ and spread of 12’ after many years. Each blossom is ruffled and held in a full truss against deep green, semi-gloss foliage. - 8’ Tall, 12’ Wide - #2 $39.99 • #3 $49.99 (July)

**Rhododendron x ‘Delaware Valley White’**  Delaware Valley White Rhododendron - Zone 6 - Part Shade-Shade - Garden Hybrid
A tightly branched evergreen azalea that has proven to be a strong grower with dependable bloom and cold hardiness. Plants draw much attention in May with their breathtaking display of satin white flowers that practically overlap one another like shingles on a roof. - 3’ Tall, 5’ Wide #3 $49.99 • #5 $79.99 (July)

**Rhododendron x ‘Dreamland’**  Dreamland Rhododendron - Zone 6 - Part Shade-Shade - Garden Hybrid
A compact mounded hybrid rhododendron that integrates the yaku rhododendron in its pedigree. In spring, frilly pale pink blossoms embellish plants in oversized trusses. Deep green leaves provide consistency throughout the year. - 4’ Tall and Wide - #3 $59.99
Rhododendron x ‘Holden’s Solar Flair’  Holden’s Solar Flair Rhododendron - Zone 5 - Part Shade-Shade - Garden Hybrid
High on drama this superb yellow hybrid is sure to capture attention. Each blossom emerges from pink-blushed buds and offers saturated yellow pigment that contrasts brilliantly with a rich maroon-red blotch. Deep green leaves juxtapose the impact elegantly. The Ohio pedigree should lend itself well to hardiness in our region and the mounded framework reaching 5’ high and wide is well suited for many landscape settings. - 5’ Tall, 6’ Wide
#3 $49.99 • #5 $79.99 (July)

Rhododendron x ‘Lemon Dream’  Lemon Dream Rhododendron - Zone 5 - Part Shade-Shade - Garden Hybrid
A choice, compact rhododendron that has impressed us with its dark green foliage and cheery lemon-yellow flowers. Flowers have frilly edges and may be either single or double. - 3-4’ Tall and Wide - #3 $59.99

Rhododendron x ‘Lorna’  Lorna Rhododendron - Zone 5 - Part Shade-Shade - Garden Hybrid
A double, hose-in-hose azalea with deep purple-pink, funnel-shaped flowers. The evergreen leaves are approximately 2” long with an attractive light green coloration. Plants are compact growers, forming a tidy mounded habit. - 3-4’ Tall and Wide - #2 $39.99 • #3 $49.99 (July)

Rhododendron x ‘Midnight Ruby’  Midnight Ruby Rhododendron - Zone 5 - Part Shade-Shade - Garden Hybrid
A small leaf selection displaying a wealth of reddish-lavender flowers in late April and early May. Rich purple-black foliage color provides added appeal during the winter. - 6-8’ Tall - #3 $49.99 • #5 $79.99 (July)

Rhododendron x ‘Polarnacht’  Polarnacht Rhododendron - Zone 6 - Part Shade-Shade - Garden Hybrid
A low, compact spreading rhody reaching 4’ tall and 5-6’ in width. Each year as Mother’s Day approaches plants erupt with a brilliant display of heavily frilled dark purple blossoms. Highly valuable for flower color and a welcome option for garden spaces where height is limiting. - 4’ Tall, 5-6’ Wide
#2 $39.99 • #3 $49.99 (July)

Rhododendron x ‘Solidarity’  Solidarity Rhododendron - Zone 6 - Part Shade-Shade - Garden Hybrid
An exceptional selection made by the late Hank Schanen of Rare Find Nursery. Plants display large frilly flowers that emerge dark pink and age to white. Large, evergreen leaves are deep green and heavily textured on a compact, spreading plant. One of our favorites! - 4’ Tall, 5-6’ Wide
#2 $39.99 • #3 $49.99 (July) • #5 $79.99 • Assorted Specimens Individually Priced

Rhododendron x ‘Stewartstowniana’  Stewartstownian Rhododendron - Zone 6 - Part Shade-Shade - Garden Hybrid
A classic evergreen azalea developed and introduced by the late Joseph Gable of Stewartstown, PA. Plants form a dense, spreading framework reaching 4’ high and 6’ wide with age. In late April and early May plants show off masses of bright reddish-orange flowers which cover the specimens from head to toe. The small, thumb-sized leaves are glossy deep green during the growing season and pick up rich purple hues during cold weather. - 4’ Tall, 5-6’ Wide
#3 $49.99 • #5 $79.99 (July)

Rhododendron x ‘Teddy Bear’  Teddy Bear Rhododendron - Zone 6 - Part Shade-Shade - Garden Hybrid
How incredible is this plant! Rich, green, high gloss leaves backed with ample cinnamon-bronze fuzzy wuzziness provide year round excitement and the perfect backdrop for spring’s pastel pink truss display. - 4’ Tall, 5-6’ Wide - #2 $39.99 (July)

Rhododendron yakushimanum  Yaku Rhododendron - Zone 5 - Part Shade-Shade - Japan
A dense, mounded evergreen rhododendron used frequently as a breeding parent. As a result numerous exceptional hybrids have been made using its highly desirable genetic traits. - 5-6’ Tall and Wide
‘Gold Prinz’ - A fine rhododendron offering up high gloss rich green leaves that set off attractive rich yellow blooms. Each blossom is highlighted with a russet speckled flare. - 5-6’ Tall and Wide - #2 $39.99 • #3 $49.99 (July)

‘Ken Jancek’ - A great selection honored with the American Rhododendron Society’s Award of Excellence. Offers rich pink flower buds that open to large, pink-flushed flowers that slowly fade to white. The dark green leaves are coated with heavy indumentum and emerge silver-gray in spring. - 3-5’ Tall and Wide - #2 $39.99 • #3 $49.99 (July) • Assorted Specimens Individually Priced

‘Percy Wiseman’ - A fine selection showcasing creamy-white, funnel-shaped flowers each flushed with pastel, peachy-pink overtones. Flowers are held in rounded trusses that stand out well from the leathery, green foliage. - 3-5’ Tall and Wide - #2 $39.99 • #3 $49.99 (July)

Rhododendron yedoense var. poukhanense  Korean Azalea - Zone 5 - Part Shade-Shade - Korea
A dense, rounded shrub reaching 6’ tall at maturity. Medium green leaves are narrow-oval in shape and are excellent in contrast with the pale lilac blossoms. Individual flowers are broad and pleasantly fragrant, occurring in clusters of 2-4 with peak bloom in early to mid spring. - 5-6’ Tall and Wide
‘Compacta’ - As you might guess ‘Compacta’ is a smaller version of this remarkable species. Plants offer the same floral qualities but in a smaller package. - 3’ Tall, 4’ Wide - #2 $39.99 • #3 $49.99 (July)

Sarcococca hookeriana var. humilis  Sweetbox - Zone 6 - Part Shade-Shade - Western China
A fine, evergreen, groundcovering plant useful for its low-growing, compact habit and narrow, deep green leaves. Abundant 1” clusters of sweetly fragrant, white flowers provide seasonal appeal in spring. An excellent, fresh alternative to overused vinca and pachysandra with similar cultural needs. Plants are both deer and disease resistant and are worthy of much wider landscape consideration. - 1-2’ Tall, 3’ Wide
‘Sarsid1’ - PP 19942 - One of several patented selections that have emerged on the market in recent years. The mound-forming plants offer many of the virtues of the straight species with the addition of larger, narrow leaves that accompany especially fragrant blooms. Plants are strong growing, developing a consistent, dense framework. - 1-2’ Tall, 3’ Wide - #1 $24.99 • #2 $34.99

Skimmia japonica  Japanese Skimmia - Zone 6 - Part Shade-Shade - China, Japan
A versatile, low-growing evergreen sub-shrub best utilized in the shade garden. Shimmering, dark green oblong leaves cloak the dense spreading plants. Females produce crops of bright, cherry-red berries held in tight clusters above the foliage. A versatile plant and certainly one of the finer evergreen groundcovers available. - 2’ Tall, 3’ Wide - #1 $24.99 • #2 $34.99
